Executive Summary

Recently completed Bachelor of Engineering in Computer Science and Engineering, seeking a Full Stack Developer role. Experienced in ReactJS, HTML, CSS, JavaScript, Python. Able to build responsive, end-to-end, data-driven web solutions. Passionate about creating efficient, scalable, and user-friendly web applications with modern technologies. Skilled in Agile, Scrum, and collaborative team environments.

Skills

Technical skills: ReactJS, Python (Backend Development & API Integration), NodeJS, Java (OOPs Concepts), HTML5, CSS3, JavaScript, Tailwind CSS, SQL, NoSQL, Version Control (Git)

Design skills: Figma, Canva, Wireframing, UI/UX Design, Responsive Web Design

Data Analytics skills: Power BI, Tableau, MS Excel

Soft skills: Maintaining cross-disciplinary thinking, Cross-Functional Collaboration, Design Sensibility, Experimentation Mindset, Visualizations

Education

Bachelor of Engineering in Computer Science and Engineering – Sudharshan Engineering College, Pudukkottai, Anna University, Chennai | 2021 – 2025

Professional Experience & Internships

- ReactJS Developer Intern – Novotech | Developed interactive UI components using ReactJS, integrated REST APIs, and managed code versioning using Git.
- Data Analytics Intern – Novotech | Analyzed datasets, created dashboards and data visualizations using Power BI, Tableau, and MS Excel, and maintained reporting systems.
- Full Stack Development Intern – BrandBee Technologies | Built responsive full-stack applications using ReactJS, Node.js, and Express.js. Implemented database operations using SQL/NoSQL. Worked in Agile/Scrum teams and deployed apps on cloud platforms (Vercel).

Professional Projects

- **Ethereum Price Prediction App:** I Built Python backend + JavaScript frontend with real-time API integration.
- **MathSolver Chatbot:** I Developed Python-based chatbot for solving complex math problems.
- **Bicep Curl Detector:** I Implemented real-time Biceps Motion Detection using Python and maintained system performance for accurate tracking.
- **Dashboard Generator:** I Created and Deployed interactive data visualization dashboards using ReactJS
- **ReactJS Chatbot:** I Developed and Deployed interactive conversation flow with state management using ReactJS
- **Responsive E-commerce Website:** I Designed and Deployed and implemented HTML, CSS, JavaScript UI/UX design, and responsive layout.

Certifications

- Certification in ReactJS – Novotech
- Certification in Data Analytics – Novotech
- Python Intermediate – Sololearn
- HTML, CSS, JavaScript – Sololearn
- Full Stack Development – BrandBee Technologies
- Fundamentals of Responsible AI – Infosys

Languages Known

Tamil, English, Hindi – Intermediate
